

Strutt & Nightingale fact sheet

STRUTT &
NIGHTINGALE Ltd.

What is your corporate background?

We are a company, established in 2000, specialising in the operation of our risk management service, mainly for pension clients. Full details are set out on our website www.struttandnightingale.co.uk.

Why should I consider using your discretionary fund management service?

We offer clients an excellent risk management service which has been running for over ten years. Our long term performance, which we consider to be excellent, is shown on our website www.struttandnightingale.co.uk.

What is your approach to discretionary fund management?

We offer clients the choice of eight risk grades, which they select in consultation with their financial adviser, if they have appointed one, to manage their pension fund to suit their attitude to risk. Our long term performance, which we consider to be excellent is shown on our website www.struttandnightingale.co.uk.

What investment solutions can you offer through the Nucleus platform?

We offer a range of eight risk grade options through Nucleus for pensions and investments with a further eight risk grade options for Isas and can offer additional solutions, if requested.

What are your fees?

0.5% fund based commission per annum which is negotiable for clients introducing substantial funds to our risk management service.

Who should I contact to discuss the service further?
